# CALLING A FEW GOOD MEN

THERE IS POWER IN WORDS: WE LIFT YOU UP, CELEBRATE YOU AND SUPPORT YOU!

MINI-CONFERENCE  
"HONORING OUR MEN  
ENHANCING OUR FUTURE"

OCTOBER, 28TH, 2017

CHISHOLM COMMUNITY CENTER  
520 SOUTH CLARA AVENUE, DELAND, FLORIDA 32720

SPOKEN WORD, INSPIRATIONAL WORD AWARD  
PRESENTATIONSMEN'S, FASHION SHOW, VENDORS

## *Who will answer the call????*

*I want to thank each and everyone of you for attending this weekend's event! The Calling a Few Good Men Conference is an intentional effort to show our support for the men in our community that continue to activate the fruits of the spirit with those that they come in contact with on a daily basis.*

*As the mother of a 23 year old young man, over the years I spent countless hours complaining about what others weren't doing and making excuses for the lack of male role models that I felt was needed.*

*I was fortunate to have an awesome father that remains a constant figure in my life and as a loving grandpa in my sons life, his support never seems to waver. My dad is one of many reasons why I believe in the goodness of men and know the capabilities of our men.*

*In fact, he is one of many that I decided to make the call..... I realized that the building of communities, the mentoring of our young boys and the strengthening of families can not occur with only one person. And if I was not part of the solution, I was definitely part of the problem.*

*Many of our homes do not have a male figure and some that do are not always representing healthy behaviors. Then there are the countless males that are doing extraordinary things by mentoring our youth, coaching teams and being an active voice and participant in our communities.*

*So what does the call mean?? It means that it is time to bridge the gap between those that can and those that have taken the responsibility of our future generation of leaders.*

*Today I stand before you as a woman that believes in you— but you have to answer the call! Let this be the first step towards building a network of support and continuing the push to ensure that no boys are left without guidance and love.*

*I would like to thank my fabulous team for making this happen: Kimeca Caine, Bob Davis, Tina Decardenas, Mitzi Caine, Sean King, Junior Goosby, Tolari Sherrrod, Annessa Johnson, Mahalia Johnson, Pitrell Lambert-Brown and Felicia Benzo.*

*“Nothing gets done, until someone believes-“ Dr. P*

**D**r. Rixon O. Campbell was born in Jamaica where he grew up in a small community Airy Castle in the parish of St. Thomas. He is one of six children to a single parent mother Isolyn Campbell. Rixon has never met his biological father, so he is able to connect with young men who are in similar situation; also, he is the only one of his siblings to finished high school. Life was financially challenging, consequently, there were many days when he attended school without lunch, bus fare or books; with shared ambition, determination and the assistance of many he had the distinct opportunity to attend the University of Technology, graduating with an Upper Level Diploma in Institutional and Catering Management.

Dr. Campbell migrated to the United States to further his education. He holds a Bachelor's of Science degree in Hospitality and Tourism Management; Master of Science degree in Organizational Management, Doctor of Business Administration from Argosy University and a Graduate Certificate in Hospitality and Tourism Management from Florida International University.

Dr. Campbell is the founder of RC7 Management Consulting, LLC and a non-profit the Rixon O Campbell

Education Global Network (ROCEGN) whose mission is to assist under-privileged children from single parent households in his rural community Airy Castle where the mother is the head to attend high school; the foundation also serves young men of color in the United States to develop into productive men through partnership with other foundations.

**K**imeca Caine is a 30 something year old mother of a darling little boy first and foremost. Giving back and being apart of her community has always been inviting yet intimidating to her , until she was planted within this group of strong business minded women. As the baby of the Sisiters Build group Kimeca intends to soak up all that these fabulous ladies can teach her, which will help to catapult her towards her future endeavors.

Kimeca feels that God has placed her on this path for necessary growth. She has grown in areas she thought growth was not needed, and for that she is very grateful and immensely humbled to be apart of such a positive movement. Her goal in life is to positively impact people, may it be a kind smile at the check out counter or causing a pleasing smile after a hair make over, and being a grate mother, sister and friend.

It is her belief that women are the heartbeat of our nation. Without our emotional, physical and spiritual wellness our men and families will suffer. For this reason kimeca plans on touching as many lives that she can, to promote internal growth to whatever capacity she possibly can and encourage economical and financial independence for us all.

As a Graphic Designer but more so as a Licensed Cosmetologist for over 14years, she has had the pleasure of meeting an array of people from all walks of life, leaving their gifts of knowledge and wisdom.

The sharing of positive energy among women, within relationships, and towards our families is the key in her opinion, to unlocking the unification we sometimes lack. Please join the Sister Builds movement, a group of ordinary people doing extraordinary things in our challenge to change lives and enrich our community.

For more information please contact kimeca at [kimeca.caine@gmail.com](mailto:kimeca.caine@gmail.com).

Growing up in Liberty City, Florida, Vaughn knows firsthand the challenges of facing incarceration as a minor and then later an adult and navigating the world of reentry post-incarceration. His forthcoming book, *Uncuffed* (Full Circle Press, Spring 2018), takes an intimate look at how to overcome the mental and physical imprisonment that comes with incarceration and, in so doing, how to restore and reimagine the roles that men play in the healing of our families and communities.
